# INNOVATIVE SOLUTIONS TO COMPLEX PROBLEMS

National Security

Health Solutions

Infrastructure

Energy & Environment

Marketing & Training

## WHO WE ARE

ARA is globally recognized for applying technically-excellent, in-depth and diversified research, engineering, and technical support services to provide answers to complex and challenging problems in the physical sciences.

Our employees, most of whom have advanced degrees in engineering and the physical sciences, have the expertise to tackle the most challenging technical problems.

## National Security

ARA delivers innovative solutions to assess, detect, deter, defeat, and respond to threats facing us at home and abroad.

## Infrastructure

ARA leads in technologies and services to improve performance and sustainability of infrastructure for transportation, buildings, and energy systems.

## Energy & Environment

ARA provides innovative engineering services and products for alternative fuels, and the power and utility services market.

## Health Solutions

ARA provides specialized research and technology services, testing and product development in health science and engineering.

## Marketing & Training

ARA designs marketing materials to reach your audiences and training products for the modern classroom.
